

Dear Brothers in Holy Orders,

Archbishop Schnurr had surgery this afternoon to address damage to his lumbar sustained in the fall he took over the weekend. The surgery went well. He will likely remain in the hospital for a few more days for the initial part of the recovery. He was out of recovery and sleeping soundly in a regular patient room by about 7:30 this evening. Please pray for a smooth recovery.

Yours in Christ,

Jason

Reverend Jason A. Williams, J.C.L.
